### FOR THE GRIP

Peruna Is Sometimes Used With Good Results

A great many people use Peruna for the grip. Some use it as soon as the grip begins, taking it during the acute stage of the disease, claiming for it great efficacy in shortening the disease, and especially in shortening the after stages. Many people take it after they have had the grip. Their convalescence is slow. They have suffered along for a month or two, without any signs of complete recovery. Then they resort to Peruna as a tonic, with splendid results.

**Mrs. Jane Gift.**  
Mrs. Jane Gift, R. F. D. 1, Athens, Ohio, whose portrait appears above, writes: "I think I would have been dead long ago if it had not been for Peruna. Six years ago I had a gripe very bad. The doctor came to see me every day, but I gradually grew worse. I told my husband I thought I would surely die if I did not get relief soon. "One day I picked up the newspaper and accidentally found a testimonial of a woman who had been cured of gripe by Peruna. I told my husband I wanted to try it. He went directly to the drug store and got a bottle of Peruna. I could see the improvement in a very short time and was soon able to do my work. I continued using it until I was entirely cured."

**Mr. Victor Patneade, 323 Madison St., Topeka, Kas., writes:** "Twelve years ago I had a severe attack of la gripe and I never really recovered my health and strength, but grew weaker every year, until I was unable to work. "Two years ago I began using Peruna and it built up my strength so that in a couple of months I was able to go to work again. This winter I had another attack of la gripe, but Peruna soon drove it out of my system. My wife and I consider it a household remedy."

Those who object to liquid medicines can now obtain Peruna Tablets.

**COUNCIL PROCEEDINGS.**  
(Continued from page seven.)  
Ald. McDonald moved that the ordinance as amended be adopted, which provided for the sale, delivery or distribution of milk, cream, butter, etc., and the ordinance was adopted as follows:  
An Ordinance regulating the care, sale and distribution of milk, cream and milk products within the City of Owosso.  
The City of Owosso Ordains:—  
Section 1. That no person, persons, partnership or corporation shall engage in the sale, delivery or distribution of milk, cream, butter, milk, skinned milk or sour milk in the City of Owosso, without first having obtained a license so to do from the City Clerk of said City; and no person shall bring or send milk, cream, butter or any milk product in said City except through a licensed dealer as herein provided.  
Section 2. The word "person" shall, for the purpose of this ordinance, hereinafter to be construed to include individual, co-partnership, firm and corporation.  
Section 3. Every person desiring to engage in the sale, delivery or distribution of milk, cream, butter, milk, skinned milk or sour milk in the City of Owosso, before doing so, shall make application to the City Clerk of said City of Owosso for a license for that purpose, which application shall be in writing, upon the form prescribed by the Board of Health of said City, and shall be approved by the Health Officer or the milk inspector of said City.  
Section 4. Said application shall state fully: (a) The full name and place of residence of said applicant. The exact location of each place or places from which said applicant obtains milk and, if said applicant obtains milk from other persons the name of the person or persons from whom said applicant obtains milk. (b) The number of cows in each herd supplying said milk or any portion thereof. (c) The manner in which said applicant intends to dispose of said milk and the location of the place where he proposes to conduct said business if same shall be fixed.  
Section 5. The fee charged for the license herein provided for shall be: for selling milk or cream from wagon, \$5 for each wagon; from dairy, restaurant, creamery or milk company, \$5; for selling from the house, or when delivered by hand at the rate of \$1.00 for each cow owned or kept within the City supplying said milk or milk products, but not to exceed \$5.00 and all monies so received shall be turned into the Public Health fund of the City of Owosso, to be used by the Board of Health in carrying out the provisions of this ordinance.  
Section 6. The license here provided for, if issued shall not be transferable and shall not extend beyond the first Monday in June next after the issue of the same. Provided further, that said license may be revoked or suspended at any time upon hearing by the Board of Health, or any section or sections of the Dairy and Food Laws of the State of Michigan, governing the sale or distribution of milk shall have been violated by the holder of said license.  
Section 7. No person shall sell or de-

liver, or have in his possession for sale in the City of Owosso, any milk or cream which is adulterated, or to which water has been added, or which contains any preservative, foreign or unwholesome ingredient, constituent or substance, or cream which does not contain 18 per cent. butter fat, or milk or cream which has been kept at a temperature above 60 degrees Fahrenheit, or which has been stored or transported in an unclean manner, or which is produced by cows which are diseased or which are kept or stabled under unwholesome, filthy or unsanitary conditions, or which have access to any yard or premises which contain undue accumulation of manure, barnyard sewerage or mud; nor shall any milk be sold or delivered in said City which is procured from any farm or dairy where any contagious, infectious or communicable disease may exist.

Section 8. No person shall sell, hold or offer for sale in the City of Owosso any milk containing: (a) More than eighty-seven and 50-100 per cent. of watery fluid; or (b) Less than three per cent. butter fat; or (c) Less than twelve and 50-100 per cent. of milk solids; or (d) At 60° Fahr. specific gravity of which is not between 1.029 and 1.035; or (e) Containing any pathogenic bacteria; or (f) Containing more than 200,000 bacteria per cubic centimeter; or (g) Produced by a herd which contains any diseased cattle; or (h) Produced by any cow or cows within twenty days before or seven days after parturition (calving); or (i) Produced by any cow or cows fed of garbage, refuse, swill, moist distillery waste, or other improper food or which do not receive a proper and sufficient supply of pure drinking water and wholesome food.

Provided, that sub-divisions, a, b, c, and d, of this section do not apply to milk sold under the name of "Skimmed Milk" as hereinafter provided.

Section 9. For the purpose of inspection, the Health Officer, Milk Inspector or the Assistants of either of them or any member of the Board of Health, are authorized to enter any building, room or premises, within the corporate limits of the City of Owosso, where milk, cream or milk products are produced for sale, sold or held for sale within the City of Owosso. The aforesaid Health Officer, Milk Inspector, Assistant or any member of the Board of Health, are empowered to open any can, vessel or package, whether in transit or otherwise, containing milk or cream for sale or consumption in the City of Owosso, and take therefrom a suitable sample for examination or analysis; provided, that they shall pay therefor the current market price. Examination or analysis shall be made with such instruments or appliances as are in general use for that purpose at the time of inspection.

Section 10. Every person using a wagon or other vehicle for the sale or distribution of milk, cream, butter, milk, skim milk or sour milk within the City of Owosso shall keep the name of the owner thereof in plain, legible letters not less than two inches in height upon the side of said wagon or vehicle. The aforesaid wagon or vehicle shall be covered by canvas or other material to adequately protect from sun and dust. All wagons, vehicles, and utensils used for delivery, distribution, handling or storing of milk shall at all times be kept in a cleanly condition and free from any substance liable to contaminate milk or milk products. Rusty or broken cans shall not be used in the handling, storing or delivery of milk.

Section 11. No person shall give, furnish, sell, or offer for sale any milk or cream in quantities less than one gallon, except in sterilized, suitably capped bottle or single service packages approved by the Board of Health, except where milk is sold at the milk-house or dairy when the same may be dipped. Provided, that dipped milk shall not be carried on the street in open vessels. Provided further, that skimmed milk, buttermilk or whey in any quantity may be delivered in closely covered containers.

Section 12. No person shall transfer any milk or cream intended for sale, from one can, bottle or receptacle into another can, bottle or receptacle, on any street, alley or thoroughfare, or upon delivery wagon, or other vehicle, or in any exposed place in the City of Owosso except in a creamery milk depot or enclosed premises of the customer or dealer in milk.

Section 13. No person shall bring into the City of Owosso for sale, offer or hold for sale, milk from which the cream has been removed, either in whole or in part, unless sold as "Skimmed Milk" from can, vessel or container on the side of which there shall be prominently displayed in plain, legible letters not less than one inch in height, the words, "Skimmed Milk." Skimmed milk shall contain not less than nine and 50-100 milk solids.

Section 14. All dealers in milk shall have a room separate and apart from horse or cow stable or other place which is liable to contaminate milk. Said milk room or dairy shall be properly lighted and ventilated and shall be used exclusively for handling and storing milk and milk products. The construction of said milk room or dairy shall be such that same may be kept clean and sanitary at all times. All vats and utensils used in the handling or storing of milk shall be made of non-absorbent material. Windows of said milk room or dairy shall be screened and doors shall be fitted with self-closing wire-screen doors of mesh sufficiently fine to exclude all flies and insects and all vats shall be covered or screened.

Section 15. No person shall remove from any dwelling or place in which exists any case of contagious, infectious or communicable disease, any bottle or other receptacle used in the sale or distribution of milk, except with the permission of the Health Officer, after quarantine has been released. No person suffering from any general or communicable disease shall be employed to handle or come in contact with milk or milk products. Milk tickets shall not be used more than once.

Section 16. Any persons operating, owning or managing any hotel, restaurant, or other place where meals and lunches are served who shall serve, sell or expose for sale any milk, cream or other milk products shall be subject to the requirements of this ordinance and the inspection herein provided for. Cans, bottles, cream or containers used for the sale or delivery of milk shall be kept in a clean condition until returned to dealer supplying the same.

Section 17. Each and every day that a violation of this ordinance shall constitute shall constitute a separate and distinct offense.

Section 18. Any person, persons or corporation violating any of the provisions of this ordinance shall be punished by a fine not exceeding Fifty Dollars or by imprisonment in the County Jail not exceeding thirty days or by both such fine and imprisonment in the discretion of the Court. In case any corporation shall violate any of the provisions of this ordinance the amount of the fine above mentioned may be recovered in a civil action of debt or assumpsit.

Section 19. This ordinance shall take effect twenty days after its adoption.

Passed and approved March 30, 1914.
